

Going Public in Canada: A Listing on CNSX Seminar

Sept. 14, 2010
Vancouver, BC

8am - 10am - Complimentary Session

Learn more about listing requirements, timelines and tips from the experts!

The first new stock exchange in Canada in 70 years, the Canadian National Stock Exchange (CNSX), offers companies an opportunity to go public faster and more efficiently while saving money in the process. This upcoming seminar will be useful for anyone working to take a company public in Canada (or considering the option). Topics will include:

- ⤴ Advantages of listing on CNSX, and recent updates about the exchange;
- ⤴ Requirements for listing including considerations for US Companies and BC listings;
- ⤴ Accounting considerations for venture issuers and an IFRS update;
- ⤴ Outline the obligations of a public company on CNSX, including reporting and regulatory requirements.
